Financial Aid Application

Please return this application along with your completed camper application (2 pages for new campers) and parent/camper agreement (2 pages for all campers). It's best to apply early to secure a space but we will not be able to finalize scholarship awards until late spring. If there isn't enough funding to meet financial aid requests, we'll do our best to figure out a way for your child to attend camp if he/she is well-suited to our program. All scholarship funds are given by Journey's End families or by friends who believe in our work. We have no state or federal funding.

Keep a copy of this application for your records, and let us know if anything changes.
